Hey Lenny,

One other thought on this. You might consider letting State Board know you would like to participate pending management decisions about best use of staff resources. That reserves the option to participate. You can always tell State Board you can't do it later.

Hi Erin,

I am assuming you are asking for my participation since you sent me this email. I passed this email up to management awaiting their decision to let me participate, which I would be more than willing to do. I hope they get back to me by tomorrow but no guarantee.
thanks,
